

## NC Conference Presentation Initiative

NCSLMA is providing [linkslanmedia@ncslma.org](mailto:linkslanmedia@ncslma.org) or teams of media coordinators and teachers

As the committee reads each proposal, we will be looking for these types of advocacy points:

- A clear reflection that the conference is being led by a school librarian
- Evidence that the librarian is a vital component in the school they are representing
- Details on:
  - Teacher/librarian collaboration
  - Implementation/use of the IMPACT model
  - Reading programs OR
  - Other benefits that the school library/librarian provides for faculty, students, or parents.

Please consider presenting a proposal at NCSLMA to share your experience.

---

**Presentation Scaffold**

The following scaffold ~~is designed for the Presentation Scaffold~~ of a presentation with the necessary components.

- I. Pre-activity designed to identify common knowledge of libraries and school librarians. (This could be done as a large group, small group or individual activity. The purpose is to focus the participants on the topic.)
- II. Introduce yourself and your experience as an educator/school librarian.
- III. Use the following [image](#) from *Impact: Guidelines for NC Standards for Information/Computer Skills Instruction*.
- IV. Introduce the NC Standards for Information/Computer skills instruction with examples.
- V. Use the pre-activity for participants to expand on their learning from the presentation.

---

If you are interested in the following opportunities, please be submitted to the presentation.
